

FRENCH MISSION'S TRAIN IS DERAILED

MEMBERS ESCAPE INJURY IN WRECK

Special Leaves Tracks Near Arcola, Ill., While Party Is Returning

ONE COACH TURNS OVER

Viviani and Marshal Joffre Dining at the Time—Feel Only Slight Jar

DELAYED FOUR HOURS

BULLETIN.

Terre Haute, Ind., May 8.—At an early hour this morning (Tuesday), it was decided that the special train bearing the members of the French mission would not proceed further on the trip tonight but would start from Illinois in the morning. This was decided upon after a consultation with officials in Washington and is for the purpose of allowing stops at the cities scheduled originally.

ARCOLA, ILL., May 7.—Members of the French mission to the United States were severely shaken up, but otherwise uninjured when the special train, aboard which they were returning east from their middle-western tour, was derailed one and one half miles from here at 7:25 o'clock tonight.

Believes Wreck Accidental
William Nye, in charge of the United States secret service detail attached to the party, made a thorough investigation of conditions surrounding the wreck and announced his opinion that it was entirely accidental.

Rene Viviani, head of the mission, Marshal Joffre and other attaches of the party were dining at the time of the accident. Only the forward trucks of the diner, however, left the rails and the jar was comparatively slight.

The train, composed of five solid steel cars, drawn by two engines, was running eastward over the Pennsylvania Lines at a fair speed when the tender of the second engine apparently jumped the track and tore up the rails for a distance of 200 feet. The day coach following, which was used as a buffer car, was thrown from the tracks and turned on its side in a ditch. Three trainmen riding in the coach were uninjured.

Second Car Stays Upright
The second car in which the newspapermen attached to the party and the staff of the mission were traveling, also jumped the track but remained upright and none of its occupants were injured. The dining car was next and the other two cars of the train were undisturbed. Efforts to determine the cause tonight were in vain. Railroad men asserted that John Redmond, engineer in charge probably saved the train from more serious damage by quick action in throwing on the emergency brakes.

M. Viviani and Vice-Admiral Chocquet went forward and made an examination of the wreckage, evincing a great interest in the efforts of the trainmen to clear away the debris. Marshal Joffre and others of the commission remained aboard the train and completed their interrupted dinner. The train was held here for several hours, during which the members of the commission retired for the night. It was expected that with wrecking trains from Terre Haute, Ind., at work the wreckage would be cleared away shortly.

Many members of the party were asleep when, after about four hours delay, the wreckage was cleared sufficiently to permit the train to get under way.

Second Accident of Night
The wreck was the second accident in which the special train participated tonight, an elderly man having been struck and killed by it at a street crossing in Decatur, Ill., earlier in the evening.

Marshal Joffre was affected when he learned of the man's death and expressed a wish to do something for his family.

WRITE NEW TAXES INTO REVENUE BILL
WASHINGTON, May 7.—In an extended session today the house and ways and means committee wrote new and drastic liquor and inheritance taxes into the war revenue bill but adjourned tonight still in disagreement over many sections and about \$200,000,000 short of \$1,800,000,000 it has voted to raise. The leaders hope to complete the measure tomorrow and a proposed retroactive income tax amendment which would yield \$140,000,000 during the coming year and other far reaching proposals are held in abeyance, to be inserted at the eleventh hour if necessary to make up the desired total.

LANSING CLOSES USUAL SOURCE OF INFORMATION

Secretary or Bureau Will Hereafter Give Out News

Lansing Instructs State Department Officials Instructing Them not to Talk to Newspapermen "Even on Insignificant Matters of Fact or Detail."

Washington, May 7.—The usual channels of information thru which news of America's relationship to foreign powers have, up to now, reached the public were closed today by Secretary Lansing.

An order bearing his name was distributed broadcast to state department officials instructing them not to talk to newspapermen "even on insignificant matters of fact or detail."

Henceforth, under the order, the press will not be able to discuss the background of complicated international questions with the experts at the head of each bureau.

The order says that hereafter all news of the department must be given out either by the secretary himself or by the newly created so-called bureau of foreign intelligence.

STATE NECESSITY FOR ADVANCE IMPERATIVE

WASHINGTON, May 7.—Spokesmen of the railroads of the east before the interstate commerce commission today in the first hearings thru which all the roads of the country hope to get an increase of fifteen per cent in freight rates, declared the necessity for the advance was imperative to enable the railroads to meet the war time demands of the nation and the increased cost of everything entering into the operation of their systems. Even should the advance be granted, they said, it would fall by \$75,000,000 to offset the increase in operating expenses for the current year.

The eastern lines completed their case today. Tomorrow the executives of those of the south will tell the commission why they think they should have more revenues. Representatives of the western system will present their arguments after the southern lines have concluded.

KAISER SENDS MESSAGE TO THE CROWN PRINCE

AMSTERDAM, via London, May 7.—The German emperor has sent the following telegram to the Crown Prince:

"Your birthday falls this year in a serious and decisive time. In grateful and full confidence the fatherland and I look upon you and the other battle fronts which impetuously resist all attacks and which stand invincible in the new battles. God grant the fatherland, in your new year of life, a full victory and a peace filled with blessings."

The crown prince of Germany was born on May 6, 1882 and is therefore 35 years old. He is at present in command of the German armies facing the French offensive.

HOLD CARRIER PIGEON RACE.
Chicago, May 7.—The Chicago course association held its annual 100 mile race from Sterling, Ill., to Chicago with 2,700 carrier pigeons competing. The birds were liberated at 6 a. m., and the first one to arrive in Chicago reached its cote at 8:57 a. m.

TWENTY-FIVE INJURED.
Toledo, O., May 7.—Twenty-five persons were injured, six of them seriously when two interurban cars on the Lake Shore Electric Railroad collided head-on at Gibsonburg Junction, 24 miles east of here late last night.

MANY ENLIST SUNDAY.
Chicago, May 7.—The application of 170 men were accepted yesterday by the officers of the army recruiting stations in the Chicago district and nearly all of them are expected to leave for training camps tonight. Applications for enlistment in the navy numbered about fifty.

BREAK GROUND FOR STATION.
Chicago, May 7.—Ground was broken today at Grant Park for a United States Naval Training substation at which 3,000 recruits will be quartered during the summer months. Grant Park, comprising 200 acres, is in downtown Chicago.

MARSHAL JOFFRE HONORS LINCOLN

Hero of Marne Silently Places Wreath on Tomb of Martyred President

RECEPTION AT CAPITOL

Hall of House of Representatives Thronged to the Top Galleries

TRAIN KILLS SPECTATOR

SPRINGFIELD, ILL., May 7.—Marshal Joffre, hero of the Marne, paid tribute to the memory of Abraham Lincoln at the Emanuel Sarcophagus today when he placed a wreath upon the Lincoln Sarcophagus. With bowed heads and goaded caps, the French hero, Rene Viviani and others who accompanied them, filed into the tomb, paid honor to the civil war president and left without a spoken word.

Monday saw no continuation of the heavy infantry fire of Sunday night northeast of Soissons in the region of Moulin de Laffaux and along the Chemin Des Dames although the artillery continued roaring a mighty duel. The French everywhere are consolidating their gains and preparing for a fresh thrust against the German lines.

The Berlin war office claims that Sunday night's fighting the Germans obtained local success at numerous points, notably on the Winterburg, the northern slope of which was recaptured, and on the southern slope from which the French were forced to retreat.

Greek troops, followers of the former Premier Venizelos in conjunction with the French forces have occupied Bulgarian positions on a front of more than three miles. In the Serbian theater and repulse Bulgarian counter-attacks delivered in an endeavor to annul the advantage. This announcement, which was made by the Paris war office, is interesting inasmuch as it shows for the first time that the followers of Venizelos actually are under arms with entente forces fighting in Macedonia.

COMMITTEE WILL GIVE DANIELS INFORMATION

WASHINGTON, May 7.—First hand information as to progress made by the naval consulting board toward finding means to combat the German submarine menace will be given Secretary Daniels tomorrow when the board's sub-committee deal with this subject will come to Washington for conferences with navy department officials.

W. L. Saunders, chairman of the board, whose statements in New York Saturday indicated a belief that the problem was nearing solution, will accompany the sub-committee.

Secretary Daniels talked with board members by telephone today and arranged the conferences. No definite announcement is expected to follow the meeting.

CONFEREES FAIL TO ADJUST DIFFERENCES

WASHINGTON, May 7.—Conferees on the war army bill in a four hour discussion today failed to reconcile the differences between the bill as it passed the two houses and adjourned until tomorrow.

A decided difference of opinion arose over the senate amendment which would permit Colonel Roosevelt to take an expeditionary force to France and unless it is smoothed out the bill may have to go back to the two houses for further action.

Other points of difference included the prohibition amendment inserted by the senate and the age limit of men subject to the selective draft. The senate bill fixes the limits between 21 and 27 and the house between 21 and 49.

Also there was talk tonight of a compromise by which the senate would get the Roosevelt volunteer amendment and the house age limits as fixed in its bill. It was said there was nothing tangible in today's conferences to make this appear more than a possibility.

TWO STUDENT ARMY AVIATORS KILLED

Hempstead, N. Y., May 7.—Two student aviators who had never piloted an airplane before and who were said to have begun a flight without permission at the government aviation school at Mineola today were killed after a fall of 1,000 feet. They were Raymond Meritt, 23, of Lockport, N. Y., formerly a Cornell Student and Anthony Stilleo of Roosevelt, New York.

The skulls of both occupants were fractured and the machine, worth \$12,000, was destroyed.

PHYSICIANS TESTIFY IN PROF. VAWTER TRIAL
Christiansburg, Va., May 7.—Two physicians called by counsel for Charles Vawter, on trial for the murder of Stockton Heath, testified today that in their opinion Vawter was insane when he wrote Heath on doing the latter's intimacy with Mrs. Vawter. Two called by the state said there was no evidence of insanity. Testimony probably will be concluded tomorrow and the case will go to the jury Wednesday.

Two called by the state said there was no evidence of insanity. Testimony probably will be concluded tomorrow and the case will go to the jury Wednesday.

WAR NEWS SUMMARIZED

The British and Germans throughout Monday were still engaged in violent fighting for possession of the town of Bullecourt, midway between Arras and Cambrai, and also in this immediate region at Roubaix and between Fontaine and Reims.

The British forces now are on the northern, western and eastern outskirts of Bullecourt, leaving only the southern part of it available to the retreat of the Germans still inside. Unofficial reports have asserted that the British entered well into the town and that hand-to-hand fighting was going on.

North of this sector the Germans report that heavy British attacks at Roubaix and between Fontaine and Reims were repulsed during the day with sanguinary losses, while still farther north in the region of Lens the British official communication records the repulse of a third German counter-attack on the newly acquired British positions south of the Souchez river. The British rifle and machine gun fire entirely wiped out the German forces which were in waves, while the supporting contingents were taken under the direct artillery fire and barrage and forced to give up the effort.

Monday saw no continuation of the heavy infantry fire of Sunday night northeast of Soissons in the region of Moulin de Laffaux and along the Chemin Des Dames although the artillery continued roaring a mighty duel. The French everywhere are consolidating their gains and preparing for a fresh thrust against the German lines.

NEGOTIATE NAVAL WORK IN LONDON

Admiral Sims Charged To Speak For U. S. on Major Questions of Policy

EXPECT NO STATEMENT

Whether U. S. Ships Will Cross Ocean Probably Will Become Known Only Thru Action

M'CORMICK DINES BRITON

WASHINGTON, May 7.—Naval co-operation between the United States and the allies against Germany is being negotiated largely in London, it was learned today instead of here at Washington, as is the case with military and other subjects. Rear-Admiral Sims, who was on his way to England when war was declared and who has just attended the allied conference at Paris, is charged to speak for American government on the major questions of policy. Apart from the original announcement that the United States will patrol American waters and thus relieve the allied vessels on duty here, no statement of naval policy is expected. Whether American vessels will cross to the other side and help in an offensive campaign either in British waters or nearer the German bases probably will become known only thru announcement of some decisive action, if there is one. Admiral de Chair, head of the naval contingent with the British war mission, spent most of today at the navy department, continuing conferences with bureau chiefs.

British and American officials, divided into eight sub-committees to discuss all the phases of America's participation in the war, reached details in their effort to harmonize the conflicting opinions as to how America's aid may be effective against Germany.

SENATE RESTORES EMBARGO AUTHORITY

WASHINGTON, May 7.—Unqualified authority for proclamation of export embargoes by the president was restored to the administration espionage bill by the senate today after Democratic Leader Martin had explained behind closed doors, that President Wilson feared he would be unable to accomplish the ends desired under the section as it had been modified.

The provision as it now stands would empower the president during the war when the public safety shall so require to proclaim it unlawful to export articles to any country named.

Last week the senate voted to authorize embargoes only against countries thru which foodstuffs reached the enemy.

Republicans led the attacks which were not directed at the president's conduct of the war, but at his failure to consult with members of congress about the legislation proposed to enable him successfully to carry it on.

JOHN CLAIR TO LEAVE I. C.

Chicago, May 7.—John C. Clair, it was announced today will leave the Illinois Central railroad to go with an eastern firm on June 1, after 23 years of service with the company. For thirteen years he has been industrial commissioner of the system.

TO DEVELOP MAILS AS PUBLICITY MEDIUM

Method To Be Used To Advise the "Liberty Loan"

Letters Will Bear Special Cancellation Stamp Notifying People The Nation Is Calling for Contributions to the Big Bond Issue

Washington, May 7.—The untold possibilities of the United States Mails as a medium of government publicity are to be developed at once to bring home to every person in the country the need of subscribing to the "Liberty Loan."

WILL BE VOLUNTEERS

Expedition Will Be Composed Exclusively of Highly Trained Railroad Men

TO TOTAL ABOUT 12,000

WASHINGTON, May 7.—Nine new regiments of army engineers to be composed exclusively of highly trained railroad men, will be the first American troops to be sent to France. They will go at the earliest possible moment the war department announced today for work on combination lines but speculation as to when or to what portion they will be sent is forbidden.

Will Be Volunteers
The new forces will be volunteers raised at the nine great railway centers of the country. Each regiment will be commanded by a lieutenant colonel of the regular army aided by an adjutant. All other officials will be railway engineers of officials.

The expedition will have a total strength of between 11,000 and 12,000 men, each regiment being composed of two battalions of three companies each. Every branch of railway workers necessary to the building or operation of lines will be represented in the ranks and the war department expects a response to the call that will permit a careful selection to be exercised and insure a force of experts in railway operation.

Recruiting for the regiments and the organization of each force will be directly under the colonel of each regiment. Recruiting machinery of the regular service or the national guard will be placed at their service and it is hoped the enrollment of the troops will take little time. The recruiting points will be New York, Chicago, St. Louis, Boston, Pittsburgh, Detroit, Atlanta, San Francisco and Philadelphia. Officials believe the great railroad brotherhoods will co-operate, throwing the strength of the unions behind the recruiting efforts. The railway companies already are to be organized under the council of national defense that their co-operation is assured.

TO CARRY USUAL EQUIPMENT

The decision to send the engineers is understood to have grown out of conferences here between government officials and members of the French and British war missions. One of the greatest problems of the war has been that of maintaining adequate supply lines, and the railroads are vital elements of the system that feeds men, shells and food toward the fighting front from depots and from France. While the regular engineers troops of the army are among the best drilled in the service it is improbable that the new regiments will be subjected to long military training. They will be given military training only for the sake of great mobility and efficiency. They will carry the usual arms and equipment of engineer troops, rifles and bayonets, but their real fighting will be done with the complicated appliances and engines of railway operation or construction.

The administration's action means that American troops carrying the American flag and in the uniform of the American army are soon to be on French soil. If there is psychological value in such a movement, as both French and British commissioners have urged, it will show itself with the arrival in France of the first engineer regiment.

DISCUSS WAR'S RELATION TO CHURCH WORK.

Washington, May 7.—War in its relation to church work was the principal subject before a gathering here today of prominent churchmen in thirty denominations forming the federal council of the churches of Christ in America.

FIREMAN ELECTROCUTED; TWO OTHERS BURNED

SPRINGFIELD, ILL., May 7.—Robert E. Waddle, a fireman, was electrocuted and Henry Richter and Charles McHugh, his comrades were badly burned by electricity this afternoon while fighting a fire which threatened the lives of forty children in the Home of the Friendless here. Fire started on the top floor of the institution while the inmates were in the class room. The children were taken out uninjured.

Waddle lost his balance and in attempting to get in his feet got a live wire. The current which killed him was transmitted to those about him thru a wet floor on which the fire fighters stood.

K. C. CEREMONIAL PROVED A GREAT EVENT

Class of Seventy Initiated Sunday—Visitors Came From Many Cities and Exercises Were Impressive

The program planned for the ceremonial session in Jacksonville council No. 569 Knights of Columbus Sunday was carried out in all its details. It often happens that in the planning of such an event most of the speakers are unable to be present, but the committee this time was fortunate and the exercises were as originally intended with one exception. In the class of seventy initiated, sixty were taken in to the local council. The initiatory exercises were at M. W. A. hall in the afternoon and the banquet at night was in the K. C. hall on East State street, where covers were laid for nearly 400.

There were visiting knights from Chicago, Havana, Mt. Sterling, Springfield, Virginia, Peabody, Jerseyville, Carrollton, Waverly, Murrayville, Alexander and a number of other cities and towns. A special cover the C. B. & Q. brought a large delegation from Boardman and vicinity and a special car on the Wabash was reserved for the Chicago visitors. The interest, enthusiasm and attendance were such that this session was accounted one of the most successful ever held by the order in Jacksonville.

SIX DAY WORK PLAN MOST EFFECTIVE

One suggestion made by the British health and munitions workers which will arouse opposition in some quarters but is nevertheless worth while is that factory workers should be given one day's rest in seven. It has been the English experience that pushing the factory workers seven days a week has resulted in broken health, and furthermore has not increased the output. In fact, the English experience is that the output of factories with six days of work has been greater than those where an effort has been made to increase production with continuous work days.

The same thing applies to excessive over time. This is only one of various subjects to which the U. S. can well give heed. Each day gives some evidence of the advantage there is to the U. S. in having the counsel and advice of their French and English allies.

MORE ECONOMY POINTS

Talking again about false and excessive economy, the health department of Chicago has pointed out various dangers which lurk in some economies. "In economy made necessary by the increased cost of living," this bulletin says, "The first cut should be made in the non-essentials, the extravagances of the average person. When it comes to articles of food it is false economy to buy inferior goods. Milk, the price may be higher, is still the most valuable article of food. It is good for the baby and its grandparents. Compared with other articles of diet even at an increased price it is still not expensive. To move into a cheaper house if it is not well ventilated and sanitary, is not an economy, nor is there any saving effected by delaying to call a physician when some member of the family is ill."

Yes, there are many "penny wise and pound foolish" methods in this matter of economy.

SCHOOL BOARD APPOINTMENTS

The board of education last night took action which will meet with general approval in the reappointment of Supt. H. A. Perrin and High School Principal T. W. Callahan. These public school officials are just about to close the first year of their school work in Jacksonville. Those most intimately in touch with the school work believe that it has been of a high, forward character. It has been a year of earnest work for both teachers and pupils. If there has been friction in the school system the public has not been aware of that fact. So the relations between the public and the teachers and officials have been of a satisfactory kind.

While the work of the school officers mentioned has been of a high order, it is fair to suppose that they have not yet done their best work. Men of their class could not do their best work the first year, for they are growing in the work and by keeping in touch with the advance in educational effort they are to be expected to improve conditions and methods here.

The school officers and teachers of Jacksonville are a credit to this city, known as an educational center. The reorganized school board in its year of work has managed school affairs in a way which merits general approval. These men and women are performing without remuneration painstaking work and are handling school affairs—than which there are none more important—in an able and high class way.

Rippling Rhymes By WALT MASON

THE BATTLE CALL.

When battle steeds are prancing, and brave men are advancing to knock the foeman silly, will you be there, oh, Willie? Big, strong and double-fisted, why haven't you enlisted? You should require no urging; from craven sloth emerging, you should, in warlike manner, be marching 'neath the banner, a shotgun on your shoulder, before you're one day older. Your cheap and lame excuses aren't worth a pair of deuces. What if a German kills you? What if a Prussian drills you? If you should be a goner, we'll bury you with honor, and fire a parting volley o'er one who perished bravely. You'll live in song and story, and have all kinds of glory, and you'll look down from Alden, with harps and white wings laden, and say, "I'm glad I

perished, to be thus praised and cherished!" But if you sink and tremble, when fighting men assemble, and do some punk explaining why you're at home remaining, you'll find that shame is near you—the world will flout and jeer you. Big, strong and double-fisted, why haven't you enlisted?

THIS DATE IN HISTORY

May 8, 1852—"Black Hawk War," Illinois troops arrived in Rock Island in good health. Indians had left the vicinity of Rock Island and had gone some distance up Rock river. It was supposed that the troops would follow them, complete the object of the expedition and reach home within a month from this date, May 8, 1852.

FARM NOTES

Believes in Soy Beans

Ralph Ford, living in the vicinity of Greenfield, has for years followed the custom of planting soy beans in his corn. The same plan has also been followed by his uncle, Edward Ford, of the same neighborhood. Mr. Ford's experience is that the planting of soy beans is some benefit to the soil and furnishes an additional crop without in any way depreciating the value of the corn. He has a seeder attachment for his corn planter and the beans are put in at the same time that the corn is planted. It takes a bushel to ten or twelve acres in planting soy beans in this way.

Part of the corn on the Ford farm is cut for silage and the beans add greatly to the quality of this silage. Where the corn is cut with a binder the beans go into the shocks and so greatly improve the quality of the fodder. In some instances the plan of "hogging down" the corn and soy beans has been followed out and always stock was turned into the fields after the corn has all been cut in order to gather up the beans that may be left on the ground.

The experience of the men in the Greenfield vicinity has been so satisfactory that this year it has been difficult to get seed and some farmers who plan to put in the beans with their corn have been compelled to do without them until another year.

FUNERALS

Bingman.

A large company of sorrowing relatives and friends gathered at Hebron church Thursday afternoon, May 3, at 2 o'clock to pay the last tribute of love and respect to Mrs. Stephen Bingman. The services were in charge of Rev. C. G. Cantrell, pastor of the Christian church at Concord and formerly pastor at Berea. Music was furnished by the choir of Hebron church, and among the numbers given were "The Home of the Soul," "Rock of Ages," and at the grave, "My Latest Sun is Sinking Fast." The floral offerings were many and beautiful and were cared for by Mrs. D. N. Harris, Mrs. Stephen Ward and Mrs. Felix D. Simms. The bearers were Dr. C. N. Harris, George Flynn, Walter Robertson, Harrison Robinson, Felix D. Simms, Charles W. Swain. Interment was in the Hebron cemetery.

During the social hour that followed the hostess served refreshments.

SAW DISTINGUISHED FRENCH VISITORS IN SPRINGFIELD.

A number of Jacksonville people went to Springfield Monday to catch a glimpse of General Joffre and former Premier Viviani, "The heroes of France." Some of them were content with watching the distinguished visitors as they alighted from the train and were taken to Lincoln's tomb and others saw them as they entered the state capitol. Mr. Ensley Moore, and one or two other Jacksonville citizens were of the fortunate number admitted to the general assembly room. The addresses there were in French with no interpreter, but are carried in the morning papers in English. Among the local visitors were Miss Effie Epler, Charles P. Gillett, Ralph I. Dunlap, Edgar E. Crabtree and son Farrell, Misses Mary Wadsworth, Edna and Florence Wardhaugh and Jennie Grassly, Rev. E. B. Landis and son, Dr. F. A. McCarty, and W. A. Jackson and family.

C. L. DePew will leave today for the northern part of the state where he will attend convention sessions of the Illinois Christian Missionary society.

HOOVER MAY DIRECT FOOD EXPORTATION

Problem of Apportioning Food Among the Allies May Be Left Largely to Belgian Commission Head.

Washington, May 7.—Altho Herbert C. Hoover's place in the government's food control program has not been determined finally, there were indications today that he would be given direction of food exports and later of price-fixing measures, if congress passes the administration bills. The department of agriculture is fully equipped to enforce domestic relations contained in the constitution but the problem of apportioning the food among the allies may be left largely to Mr. Hoover as chairman of the food commission of the council of national defense. Under the bills the president would be empowered to name an agency to deal with price fixing. This, it is understood if made necessary would be left to the defense council with Mr. Hoover supervising operations of the act.

There have been suggestions of an international food commission sitting in Washington to handle American and allied food problems. If it is created the American member probably would be Mr. Hoover.

Secretary Houston announced today that Canada was awaiting passage of the administration's bills to put into force similar regulations. American and Canadian food interests are so nearly identical he said, that Canada feels it would be useless to proceed with measures until the United States decides on a definite course.

CHAMINADDE CLUB HOLDS FINAL PROGRAM FOR YEAR

At the home of Miss Cordella LaRue on West North street the Chaminade Music club Monday afternoon held its last meeting for the spring months. During the year fifteen programs of well selected music from the works of famous composers of the past and present have been given. These programs were so arranged as to be a distinct aid in the special line of study the club is following. The Chaminade club has had a long and successful existence, due mainly to the effort to maintain interest and enthusiasm of the club members. This faithfulness has made it possible to carry out the programs as planned in almost every instance. Choice selections from the works of well known American women composers made up the program of the afternoon, which was as follows.

The Surging Sea..... Florence Newell Barbour
Miss Kunkle.
(a) How Can I Sing..... Kate Vannah
(b) Song of the Persian Captive..... Mabel Daniels
Humoresque..... Clara A. Korn

SALVATION ARMY CLOSES SUCCESSFUL CAMPAIGN

Mrs. Thomas Estill Heard by Large Audiences Sunday in Words of Appeal for Aid in the Local Work.

Monday evening at the Salvation Army barracks was held the last of a series of meetings in the interest of the local work, conducted by Mrs. Estill, wife of Commissioner Thomas Estill, of Chicago, and attended by members of the army in good number and by many others as well. Members of the corps and their officers gathered for a final consultation with Mrs. Estill Monday night and by all the work of the three days just past was thought to promise a larger progress in the future.

Perhaps the largest meeting of the series was that Sunday morning at Central Christian church, when Mrs. Estill spoke at the regular service hour to more than a thousand people. "Broken Womanhood" was her theme and Mrs. Estill presented her arguments in convincing manner, calling attention to the service rendered by faithful workers of the Salvation Army at a time when all other agencies have failed. In speaking of the work in this city Mrs. Estill referred to the progress shown in recent years and to the activities of the two officers in charge, Miss Olive Estill, daughter of the speaker, and Miss Grace Smith.

Sunday afternoon Mrs. Estill spoke to the Sunday school service held at the barracks and at 8 o'clock she addressed another public meeting. She is a speaker of power and earnestness and that the local Salva-

DECLINES TO ADMIT SALARIES WILL BE CUT

Head of American Association States Situation Will be Placed Before Players and Owners Alike.

Chicago, May 7.—Altho declining to admit that players in the American association would be asked to accept a reduction in salaries, President Hickey, after a conference today with half a dozen managers of the clubs, said the situation confronting the club owners would be placed before the players and owners alike.

President Hickey denied that a part of the schedule would be cancelled. "Every club owner wants to get thru the season," he said, "but if the government imposes a tax on baseball and the war situation cuts down the attendance, it will be a purely necessary for us to retrench. The opening this season was the most disastrous in the history of the association."

Hickey left for Milwaukee tonight for a conference there tomorrow with owners of the Milwaukee and Columbus clubs. He will visit Kansas City Wednesday and will call a special meeting later in the week, if the club owners request it.

WOMEN IN THE NEWS

Fifteen young "midwives" as Paris calls the girls working in her great shopping district, have played joke on "Tape" Joffre and at the same time found a way of sending their love to America by putting some of their hair under the gold embroidery in his best war bonnet, which he had made specially to wear on his visit to us. The girls are employed in the shop where were embroidered in the shop where the tiny gold leaves which symbolize his rank as Marshal of France, and concealed each a hair beneath the gold embroidery as they worked on it, to cross the seas with the Marshal.

No slacker need apply at Smith College, of Northampton, Mass., "war bridegrooms"—as the term reads for him who takes refuge in quick matrimony to escape service—for the Smith girls. And just now this is the Battle Hymn of the Republic at Smith:

We're thru with all flirtation,
We're going to save the nation;
There's but one to whom we're true.

A soldier, a sailor, a hero in blue,
The increase of the smoking habit among women in England has reached such proportions that many women, according to a London newspaper, admit smoking an average of 100 cigarettes a week. The increase has been noted especially among women workers employed at "men's jobs" since the beginning of the war and in a munition factory an official physician has found fourteen young women suffering from "smokers' heart." Smoking after lunch has also become general among women employed in government offices in London. No mention is made of an increase in smoking among society women or of literary women, among whom smoking habit has long been prevalent without encountering any special prejudice or condemnation in their particular circles.

Dr. Teresa Lambriola, who recently headed a deputation of Italian women which laid before the Italian Minister of Justice, Sig. Sacchi, the demands of his countrywomen with regard to the abrogation of martial authorization, is a famous barrister whose right to practice at the Italian bar was denied her by the Court of Appeals, in 1912, and by the Supreme Court of Cassation of Italy, in 1913. The case presented many points of interest, for Dr. Lambriola caused the severe competitive examinations, which gave her the post of professor of common law at the University of Rome. At the time of the verdict the Court of Cassation she had taught law for ten years, and the anomalous situation was thus created of a teacher of several generations of barristers being debarred from practicing what she taught these men, owing to her status as a woman.

One of Canada's leading agricultural experts is a woman, Miss E. Cora Hind, correspondent of the Montreal Journal of Commerce and Agricultural Editor of the Manitoba Free Press. Miss Hind is esteemed an absolute trustworthy authority on all manner of farming affairs in Western Canada. She holds the post of Government traveling inspector and estimator of preparations and crops of all kinds, including cattle, and as such none of her male colleagues have ever been able to get ahead of this energetic Canadian journalist-economist. Miss Hind recently made interesting reports on the shortage of farm labor in Alberta and Saskatchewan, due to the number of slackers who had rushed over

the line into the States when the National Service cards began to circulate in Canada, showing the wind blowing conscription-ward. These included both Canadians and Americans who had been working in Canada. What now with conscription in the States, these "weak-kneed patriots," as Miss Hind calls them, have no choice left out to be heroes.

TO PRESENT VIEWS ON IRISH QUESTION

LONDON, May 7.—Powerful representations are about to be made to Premier Lloyd-George and the cabinet by representatives of the labor union to their view of the imperative urgency of a settlement of the situation. The Pall Mall Gazette understands.

It is understood, adds the newspaper, that unless a satisfactory settlement is quickly arrived at, the labor members of the government may be compelled to reconsider position.

BANNWART ENROLLS FOR TRAINING CAMP

Boston, May 7.—Alexander Bannwart, who engaged in a fistie encounter with Senator Lodge while acting as a member of a peace delegation to Washington several weeks ago, enrolled today for the officers' reserve training camp at Plattsburgh, N. Y.

Bannwart said he regretted his trouble with Senator Lodge and was anxious to take an active part in the war.

Kingsport, Tenn., May 7.—An explosion early today at the federal dye stuff and chemical company's plant, which makes munitions wrecked a portion of the buildings, killed one man, fatally burned some others and left one missing. An investigation is being made.

ARMY SERVICE ALREADY IN ACTION

Today our boys are becoming soldiers as fast as they can be trained. Tomorrow some of our own family may have to go if not already at the training camp. There are now seven places in our state where our soldier boys are located, viz.: Springfield, Alton, East St. Louis, Great Lakes Naval Station, Ft. Sheridan, Rock Island and Cairo.

The army service is new and strange to them and they are associated with those who have little personal interest in their welfare. All soldiers have off-duty hours when they will either degrade or elevate themselves. The degrading influences are usually around, but the elevating influences are not so common.

The Young Men's Christian Association has special orders from the War Department, giving only them the authority to go into these centers where soldiers are located and furnish the needed elevating and helpful influence.

A large tent or frame building is erected in each place, equipped with stationery to write letters home, books, magazines and home papers to read, phonograph and moving picture machines for entertainment. The secretaries in charge assist in organizing educational classes, Bible classes, social events, religious meetings, etc., using every thing possible to make life more worth the living and to surround our boys with as much of the home influence as possible. More than 20,000 signed "Clean Living" and "Forward Step" pledges last year as a result of the Y. M. C. A. work on the border.

Now in order to promptly and effectively do this much needed work of conserving the manhood of our Soldier boys we must have money. It has been carefully estimated that \$3 will provide this service and influence for one boy one year. A million boys are called and so three million dollars are needed in the United States. Our district of Morgan, Cass, and Scott counties is asked to give \$2500 as our share in furnishing these home influences to the boys who are to risk their lives for our protection. Only ten dollars will provide these comforts for 30 boys one month. This is one privilege for us, who are left at home, to give of our money so as to make our country and home more safe. Any sum from \$1 up will be received at the Jacksonville Y. M. C. A. and faithfully transferred to the committee in charge. Make all checks payable to W. G. Goebel, treasurer.

to maintain this equality of man.

"We will take with us a remembrance of you when we return to our country, we will be asked what we have heard and seen and we will answer that we have travelled thru America and have been acclaimed everywhere on account of France. Not only France will be liberated but the whole of Europe."

Calling attention to the fact that the United States owed France, Speaker Shanahan said that the first religion, the first education and the first attempts at government in Illinois as well as the first settlement were French. The state, he said, was under French domination for more than eighty years and the French influence had extended over its entire existence.

More than 1,000 soldiers from various National Guard commands guarded the streets and state house during the visit. All arrangements were under the direction of Adjutant General Frank S. Dickson.

Train Kills Spectator
Decatur, Ill., May 7.—Decatur's enthusiastic welcome of the French commission which arrived here at 5:55 was followed with one of the first misfortunes of the trip when the train ran down and killed Peter Quick, aged 47, a spectator, just as it was leaving the city at the South Main street crossing.

Altho the train was running half an hour late the visitors gave over ten minutes to Decatur's welcome.

Mayor Dan Dinneen's brief tribute and declaration of the city's loyalty was translated into French and brought a happy smile to the faces of the commission.

"We accept this not only as a tribute, but as a promise we know you will keep," replied one of the commission members. Viviani demanded the copy of the address, for preservation by the commission.

Rear-Admiral C. B. T. Moore, U. S. N. (Retired), was introduced.

Box cars, house tops and factory roofs were lined with spectators, and the track throughout the city was closely packed with watchers.

Civiani Makes Statement
M. Viviani made the following statement, directed especially to citizens of Decatur and community to an Associated Press correspondent.

"This war is not a war of cannon of munitions of courage in the fight. It is alone, its continuation and final success depends as much on the farmers as on the soldiers and the services rendered by those who cultivate the soil cannot be overestimated.

"Every bushel of wheat, every peck of potatoes counts as much as shells and even more.

"In such a war as this all must serve if it is to be brought to a quick and victorious conclusion. The farmer and his field, fights the common foe as efficiently as the soldier in the trench.

"In France our children even have been taught to cultivate gardens and every spot of available land."

SUGAR CROP DOUBLE
THAT OF LAST YEAR
Washington, May 7.—The Louisiana sugar crop of 1916 was practically twice as great as the crop of 1915.

CONSCRIPTION BLANK DETAILS OUTLINED

Registration Will Take Place Short
Time After Bill Has Been Approved
by President

In accordance with the plan outlined in the telegraphic story in the Journal Sunday morning the registration blanks provided under the federal military conscription bill will be in the hands of Sheriff Grant Graff and Mayor H. J. Rodgers. A fac-simile appears on this page. Under the terms of the law the registration day will be fixed between ten and fifteen days after the bill has been approved by the president and registration will take place at the regular polling places.

In territory other than cities of over 30,000 population the registration board will be made up of the sheriff, county clerk and county physician. Volunteer registrars are desired and should make application to the mayor. Persons between the ages of 21 and 27, if such are the ages specified in the bill when it is finally approved, will be required to register and if they are absent from their place of residence must register by mail. The proportion of registrars shall be one for every 170 persons to be registered and it is probable that the number to be registered will be about seven per cent of the population of each precinct.

Jacksonville Chapter No. 3, R. A. M., will hold a special convocation this evening at 7:30 o'clock for work. Visiting companions welcome.

AT THE OVERLAND FACTORY.
J. F. Claus of the Claus-Overland company has received a letter from the employment department of the Willys-Overland company telling of the need the factory has in its assembling room for young men. The rates of pay are 28 to 30 cents per hour, with good chance of advancement. Hours range from 10 to 11 per day, with time and a half for all time over 8 hours. After an employee has been in the factory a month the railroad fare to Toledo will be received not later than May have credentials from some Overland agent.

RECEIVED BOX OF ORANGES.

ROBERT DEATON HAS RETURNED TO HOME HERE

Has No Recollection of Leaving City—Ill and Will Be Unable to Work for Some Time.

Robert Deaton, employee of the George T. Douglas store who disappeared mysteriously last Wednesday, returned to his home some time Sunday. Mr. Deaton is now confined to his home by illness and is under the care of Dr. G. R. Bradley. It seems that Mr. Deaton's actions were brought about by an illness resulting from great stress of mind. He had been worried for weeks and to his physicians and several friends he said yesterday that he had no recollection of leaving, did remember, having taken the Douglas horse to a livery barn but declares that is the last act he can recall until he found that he was in Hannibal.

The condition of Mr. Deaton's shoes and feet indicate that he must have walked at least the greater part of the distance between this city and Hannibal, and as he had little or no money with him he must also have walked much of the way on the return trip. It will be some days before Mr. Deaton is sufficiently recovered to resume his position in the Douglas store where he has for two years been a trusted employee.

AN EXCELLENT RECORD

Miss Georganna Bacon, secretary for Jacob Cohen & Son, recently made an exceptional record in stenographic work. Miss Bacon took 160 letters in six hours and 15 minutes without a single error in transcription. As the letters were all in single space and some of them lengthy, it is apparent what a good record was made. Miss Marie Koepping, who also has an office position with the firm, recently wrote 80 letters in six hours and twenty five minutes without error.

Incidentally the firm of Jacob Cohen and Son is doing an increasingly large business. Carloads of material are received and shipped every day and the firm is now regularly employing about fifty men.

WILL SEEK PLANS AT ONCE.

The Monument association held a brief session Monday morning following the city council meeting. President C. E. McDougall presided and S. W. Nichols served as secretary. These officers were instructed to correspond at once with architects and designers who wish to submit designs for the proposed monument. The expectation is that the designs will be received not later than May 12.

MORTUARY

Deacon Daniel Tinsley who died Monday night at his home 868 Hardin Ave. was born in Pike Co. Mo., came to Jacksonville 20 years ago the past February and has made his home here since that time. Death came after an illness of short duration from pneumonia.

Mr. Tinsley was twice married, his first wife, Mrs. Lucinda Harris, died twenty three years ago in Missouri. To this union there were born seven children, five of whom preceded him in death. The surviving are Mrs. Mabel Franklin of Chicago and Charles of this city. Fourteen years ago Deacon Tinsley was united in marriage to Mrs. Lida Hurley of Pittsfield, Ill., who survives. Three brothers and one sister survive. They are Charles of Chicago, Peyton of Clarksville, Mo. and Henry Childs of Ashley, Mo. and Mrs. Emma Underwood, New Hartford, Mo.

One of the greatest ambitions of the deceased was to live to assist his son Charles who has been in poor health for several months past and to assist in the rearing of the five grandchildren to whom he was devotedly attached. He was an active Christian and transferred his membership from the First Baptist church, Ashley, Mo., to the Mt. Emory Baptist church of this city in which he served as deacon with rare distinction from the time he came to Jacksonville to the time of his death.

He was industrious and reliable. During the time he lived here he was employed in three positions. He was employed five years by Dr. J. W. Hargrove, ten years and one month as janitor of First Baptist church and the remainder of the time as caretaker of the Morton school.

As a citizen Deacon Tinsley was public spirited, being interested in all civic and religious movements for the betterment of the people.

His many friends will join with the family in mourning his departure.

Funeral services will be held from Mt. Emory Baptist church Thursday afternoon at 2:30 o'clock in charge of the Rev. E. L. Scruggs with burial in Jacksonville cemetery.

MAY DAY AND GYMNASIUM OPENING AT WOMAN'S COLLEGE

Next Monday, May 14, has been fixed for the May Day exercises at the Woman's college. Preparations are as extensive as those made for like events in the past. May Day at the Woman's college has come to be one of the important events of the college year and this year's program will be certain to prove a delightful attraction for the people of the city. The day following will mark the opening of the new gymnasium, a building which is a very handsome addition to the college equipment and a credit to Jacksonville. The opening attraction will be the presentation of three Irish plays by the dramatic club of the college. Rehearsals have been in progress now for weeks past and the plays will be given with an enthusiasm and an ability which will be certain to interest the large audience anticipated. Thus far the public has not inspected the gymnasium and so a glimpse inside the building will be an attraction in its itself.

TRINITY AUXILIARY MEETS.

Trinity Auxiliary met Monday afternoon at the home of Mrs. H. M. Andre, 133 West College avenue. A paper on the three missionary periods by Mrs. G. M. Burrus was read by Miss Fannie Wakely. The periods mentioned were the primitive, the mediaeval and the modern. Delegates as follows were appointed to go to the synodical meeting in Springfield May 23: Mrs. A. W. Cox, Mrs. H. M. Andre, Mrs. William Jackson and Mrs. J. F. Langton. A social hour followed the business meeting. Refreshments were served.

O. H. CULLY RANKS AS ONE OF OLDEST CITIZENS

Recently Celebrated 85th Birthday—Served in Civil War and Has Lived Here More Than Sixty Years.

One of the best preserved octogenarians in the city or county is Oliver H. Cully one of the honored residents of this city. A short time since he quietly celebrated his 85th birthday with no especial program or gathering and he seems good for many more years.

Mr. Cully was born in Fayette county, Ind., and was the son of Wallace and Mary Beck Cully. When he was twenty years of age the family moved to this part of the state and settled in the northwest part of the county and began making a career and one in which they may take all honorable pride.

When the Civil war broke out Mr. Cully enlisted in Company K, 101st Illinois Infantry, under Captain Sylvester Moore and honorably served his country in her time of deepest need and came home with an honorable discharge and settled down to the duties of civilian life.

He followed the occupation of his father and in due time owned one of the finest farms in the state while his barn was commented on far and near as a model structure of its kind as it truly is. Every one traveling toward Strawn's Crossing sees it and admires it.

Some years ago he began to have poor health and was unable to carry on his farm to his satisfaction so he gave it over to his boys and moved to the city in 1903 and has lived here since.

December 23, 1865, he was married to Miss Elvira, daughter of the late Stephen Green, one of the leading citizens of the county. They were the parents of seven children, four sons: W. E., Homer, Edgar and Howard, all of this county; three daughters: Lena, Mrs. A. D. Arnold of Arnold Station, and Eva, Mrs. J. C. Strawn, who lives with her father.

EXPECTANT MOTHERS RELIEVED OF PAIN

Women Use Prescription of Famous Physician.

Since the days of our first parents in the Garden of Eden, women have borne the pain and discomfort of childbirth. Science on its part, has worked to modify and to relieve in part, the dreadful suffering at such a time.

The preparation known as "Mother's Friend" is applied by the mother-to-be herself, externally, night and morning. It relieves the tension on the muscles, cords and ligaments of the abdomen, and the expectant mother is made much more comfortable. The crisis is one of much less pain and danger.

Thousands of women who have used it successfully state that they cannot say enough about the good "Mother's Friend" did for them and refer particularly to the absence of nausea or morning sickness.

Ask your husband to get you a bottle from the drug store. If you wish a valuable book for mothers, write the Bradfield Regulator Company, Dept. F., 321 Atlanta, Ga. It is free and will be sent at once. Adv.

Get at The Source of Your "Skin Diseases"

Don't be misled by this term, for the appearance of pimples, boils or rashes indicate something more serious than a mere "breaking out" of the skin. These eruptions are, in reality, signals from nature that the blood is impoverished, debilitated and in need of help. Of course you can sometimes drive away the infected places by applying a salve or lotion, but unless you treat them through the medium of the blood, they will occur again and again.

S. S. S. has proven its wonderful

er. His wife died December 26, 1904, and one daughter, Clara, is also dead. Since coming to the city Mr. Cully's health has materially improved and he bids fair to be with his loved ones for a good many years to come. He is called grandpa by six boys and six girls and is pardonably proud of them.

He has been a life-long Republican and a faithful member of the Christian church and tries to do what his conscience approves. He has the esteem of a large circle of friends and all hope he will be spared for many years to come.

PLUMBERS OFFER SERVICES TO GOVERNOR LOWDEN

State Organization Ready to Assist in Solving Sanitary and Health Problems.

At a recent meeting of the executive officers of Illinois Master Plumbers Association Bernard Gause as president was instructed to tender the services of the association to Governor Lowden in directing sanitary conditions and water supply for the concentration camps. A telegram from the governor expresses his appreciation of the offer made. The association has a membership of 1500 and they with their 20,000 employees cover the entire state. The patriotic purposes of the master plumbers was that they might be of assistance in lessening the possibilities of typhoid fever and other diseases resulting from unsanitary camp conditions. Their offered services included instruction to soldiers in sanitary and health rules. These men of practical experience can be of great service along these lines and the offer made indicates the patriotism of the association members and their realization of some of the practical problems which are presented to the state in military preparations.

The language of the proposal and the governor's reply is given here-with.

Governor Frank O. Lowden,
Springfield, Illinois.

The Executive Officers of the Illinois Master Plumbers Association in session today have directed me to tender you the services of our organization in any capacity that will assist you in promoting the military preparation Illinois will furnish in this war. Our Membership are especially capable in directing

and establishing sanitary conditions and water supply for the concentration camps and we shall be pleased to assist you in any way that you may be able to use our services.

Illinois Master Plumbers Association
Bernard Gause, President,
State of Illinois
Executive Department
Springfield

My dear Mr. Gause—
I beg to acknowledge the receipt of your telegram of today and greatly appreciate the prompt and patriotic action of your officers. I shall be glad to keep this information before me.

Very sincerely yours
(Signed) Frank O. Lowden,
Mr. Bernard Gause,

BIG DEBT RAISED AT GRACE CHURCH SUNDAY

The Rev. John Krantz of New York Successfully Conducts Campaign, \$10,500—Remainder Will be Raised in Short Time.

At the third quarterly conference of Grace M. E. church Monday night arrangements were made for raising the \$950 remaining on the church debt and the indications are that within a few days, at the most, the \$11,000 debt, remaining from the time of building, will be cleared away. The regular committee was empowered to proceed with the work of completing the fund. Homer H. Potter was designated treasurer of the fund and instructed to have all pledges recorded. An excellent report of the work of the past quarter was presented by the Rev. F. B. Madden, the pastor. The Rev. F. A. McCarthy, district superintendent was presiding officer.

Sunday at the church saw one of the most successful financial campaigns ever seen in Jacksonville. Dr. John Krantz of New York, a man of long experience in this work, was in charge of the day and under his eloquent sway more than \$6,200 was pledged at the morning session, and the remainder, including \$2,000 from the Pastor's Aid society, in the evening. The morning sermon subject of Dr. Krantz was "The Church" and in the evening his theme was "The Ascension."

Has Raised Huge Amounts.
Dr. Krantz is a member of the Newark, N. J., conference. For a number of years he has been associate manager of the Methodist Book Concern of New York City. His financial work has extended over a twenty-year period and the totals raised by him for church purposes runs into the millions. Dr. Krantz will spend the week in Racine, Wis., and next Sunday will be in Pittsburgh, Pa., where a large sum is to be raised.

Good sized congregations greeted Dr. Krantz both morning and evening. About sixteen men of the church carried on the work of solicitation. Homer H. Potter and W. C. Green acting as clerks. At the evening service the announcement was made by Dr. Krantz that the amount to be raised that day would be reduced from \$11,000 to \$10,000 and this sum was exceeded by fifty dollars in the half hour's solicitation, which followed.

The Rev. F. M. Rule assisted in the services as did the Rev. F. A. McCarthy. The Rev. J. O. Kirkpatrick offering the invocation at the service in the evening.

RESOLUTIONS AT I. S. R.

FOR CLARENCE SANDERSON.

Clarence Sanderson, who has resigned his place as housefather at Illinois School for the Blind to enter military service, has been at the school for the past five years and his leaving is the source of much regret. Monday at the chapel hour the following resolutions were adopted:

Whereas, Clarence Sanderson has volunteered to give his services and his life, if need be, to defend our beloved land—and

Whereas he is the first to rise from our midst to answer the call of his country and ours in this great national crisis—

Be it resolved that the Illinois School for the Blind, assembled in its chapel service, express, by a rising vote, its deep appreciation of Mr. Sanderson's patriotic action, wishing him God's protection.

TEMPTING DISPLAY IN LULY-DAVIS WINDOW

The Luly-Davis drug store has in its front window an appealing display of nice things in the shape of "Russell" ice cream which is ingeniously arranged in a new way.

There are the paper buckets ready to carry home, the small freezer arranged to keep, the dishes prepared in different shapes to eat. A cook or recipe book is given ladies showing them a good many ways in which the delicious article may be served.

FINED FOR DISORDERLY CONDUCT

Jake Ham and Emma West were arrested by the police on the charge of disorderly conduct. They were arraigned in Justice Dyer's court Monday and were each fined \$200 and costs. Being unable to pay the fine they were committed to the county jail. The police have had considerable trouble with the West woman and the fine fixed was the maximum fine for such an offense.

FIRST DANCE AT PARK

The first Monday night dance of the season was held at Nichols Park pavilion yesterday with more than fifty couples in attendance. Despite the cool weather all seemed to enjoy the occasion fully and indications for a successful series are excellent. The music was furnished by the Carroll & Large orchestra.

HAS JOINED NAVY

Leonard Burkery, son of Mr. and Mrs. John Burkery of 624 North East street had enlisted in the United States Navy and it at the Great Lakes naval station near Chicago.

The young man had been making his home in Chicago for some time. His enlistment is for a term of four years.

SCHOOL BOARD IN ACTIVE BUSINESS SESSION

Superintendent and High School Principal Renamed—Plans Inspected for Proposed Boiler House—Coal Contract Awarded—Teachers Qualifications Outlined.

The board of education met last evening in regular session with all members present. The price for gymnasium rent was fixed at \$20 for affairs without profit and \$40 for those with profit; educational enterprises free; the coal contract for 1 1/4 screen steam lump, was awarded to Harrigan Bros at \$3.80 a ton they to enter into bond of \$2,000 for the faithful performance of the contract. The price last year was \$2.35 per ton. Qualifications of teachers to be employed were decided: J. K. C. Pierson was instructed to prepare plans and specifications for the new boiler house, smoke stack and ventilation system for the high school building; H. A. Perrin was employed as superintendent for the ensuing year and T. W. Callihan principal of the high school.

When board assembled the minutes of the last regular and subsequent called meetings were read and approved. Supt. Perrin reported that they were waiting for a favorable time for the flag raising and were hoping to have present a member of the state Anti-Tuberculosis society on the occasion. Bad weather and other causes had delayed the exercises.

Financial Facts

Bills amounting to \$957.91 and salaries amounting to \$6,916.41 were ordered paid. The secretary reported that the board would have from the regular tax \$67,771.30 less expense of collecting, etc., leaving \$66,283.08. Then the state, \$8,794.27 and tuition about \$4,500, making a total for regular fund of \$79,577.35. According to the payroll of the evening the total salary list would be approximately, though not exactly, \$62,247.67. Taking into account the budget made at the beginning of the year and the old bills the board has had to pay the financial condition and management were encouraging.

Member Hopper reported seats sold, \$213 at 50 cents each and the rest used in the gymnasium.

Building Rental Fixed

Supt. Perrin said there was more or less demand for the use of the gymnasium by different organizations and he asked for definite terms per evening and after considerable discussion it was decided that all affairs connected with the educational projects of the city of county should be free and for others without admission, \$20 per evening and where admission in charged, \$40. It was suggested that persons renting would also have to see to the chairs which would be an additional expense to them and not to the board. Member Muehlhausen asked if the buildings were supplied with flags and was told that a part were and part not but as the school year was so nearly out it would hardly be worth while to push the matter at present.

Course of Study Soon Ready

Member Metcalf reported that the committee on teachers and course of study would be ready to report soon but were not this evening. The secretary read a letter from the secretary of the national school accountants association saying the annual convention would be held in Pittsburgh May 15-17 and urging the board to send a delegate. Member Pierson said the finances of the board would hardly justify sending a delegate but thought it would be a good idea to secure reports of the proposed meeting.

The chair announced the appointment of Member Parker on the teachers and course of study committee in place of Mrs. Brookman, no longer a member of the board.

Supt. Perrin presented the reports of officers. The nurse had made 130 visits, 337 examinations, put in 14 clinic hours. Some difficulty had been experienced in the first ward in quarantining cases of contagious diseases but no evil results had followed as far as known.

Supt. Perrin reported a volunteer physical training class in the high school which he endorsed and hoped it would increase as the object was good.

He presented a schedule of qualifications for teachers and expressly stated that it was not recommended to be retroactive, that is, that was not to apply to any teachers now in the schools necessarily but to all future applicants. Adopted and printed below.

Plans for Boiler House

The board then went into a committee of the whole to see plans suggested by J. K. C. Pierson, architect, for a proposed boiler house, smoke stack and ventilation system for the high school building as the one now in use is badly out of repair. The need for a new boiler house and smoke stack is so pressing that it will have to have attention. The affair is likely to cost \$10,000, but it must come and after much discussion and some changes suggested Mr. Pierson was instructed to prepare plans and specifications in accordance with his suggestions presented.

A schedule of salaries was also presented by the superintendent and referred to the finance committee to investigate and report.

Bids for coal for the ensuing year were received.

H. E. Frye \$4.46 and \$4.22 for two different sizes.

The bid of Harrigan Bros was accepted, they to enter into bond of \$2,000 for the faithful performance of the contract.

The secretary remarked that the board paid this year \$2.35 a ton and at that price used some \$2,700 worth.

Superintendent and Principal Elected

H. A. Perrin was elected superintendent for the ensuing year and T. W. Callihan principal of the high school. Asked for a speech Mr. Perrin said he would talk in deeds. Adjourned to meet May 17th at 8 o'clock.

BANKS LOSE CASE AGAINST GERMAN LINER

WASHINGTON, May 7.—New York banks today lost their litigation in the supreme court against the North German Lloyd liner Kronprinzessin Cecilie at Boston, in which they claimed \$2,240,000 damages for failure of the vessel to deliver gold bullion worth \$11,000,000 shipped to England and France just at the outbreak of the war.

The Cecilie, the supreme court decided, is not liable in damages to the shipper or turning back to America in mid ocean and abandoning her voyage. The decision determined another claim against a ship of other German vessels in American waters. Justice Holmes delivered the decision. Justices Pitney and Brandeis dissented.

TWO AMERICANS ARE GIVEN WAR CROSSES

NEW YORK, May 7. William D. Bigelow, a Harvard man from Nahant, Mass., and William Wallace of New York, a Columbia student, both members of Section 8 of the American field ambulance, have just received the war cross.

The citations say that Bigelow, a war zone, was hit and pierced and badly damaged by shell fragments during the German attacks around Verdun.

Wallace was serving in the same regiment at the same time. He made four trips each night for several nights during the time when the routes were being continually swept with shrapnel.

Mr. and Mrs. J. W. Reif and Mr. & Mrs. Samuel Wilcox were Sunday visitors in New Berlin.

John Bergschneider and family were visitors in New Berlin Sunday.

Alumni of Waverly high school are planning a reception to be held Thursday evening, May 24, following the events of graduation. Mrs. Edith Shepley is president of the association and Miss Nannie Meacham is secretary. The executive committee consists of Misses Mildred Rohrer, Helen Wyle and Catherine Sevier.

Mrs. Walter Aye will leave this morning for Wilmette for a visit with her sister, Mrs. Howard Caniff.

ENLISTMENTS STILL COMING RAPIDLY

Sergeant Hanson Gratified at Quick Response Since Opening an Office Here—More Men for Company B.

"Jacksonville is furnishing more than her share of enlistments," said Sergt. Hanson in charge of the Army recruiting office to a Journal reporter Monday evening.

Sergt. Hanson had been asked if he was satisfied with the enlistment since opening the local recruiting office. His reply was as above. Sergt. Hanson said that he was more than satisfied with the response of the young men of the community and also with their high class of intelligence and physical qualifications.

Monday a large number were examined but a number were rejected on account of not being able to meet the physical test. The enlistments, however, are being received steadily and a number have come from other cities. The recruits secured since Saturday and the branches of service selected follow:

Cavalry.
William Bartlett, William Pinkerton, Thomas Burns, Jacksonville; Charles W. Johnson, John Marcond, Petersburg.

Engineering Corps.
Fred L. Longworth, Virden; W. J. Kliner, Jacksonville.

Aviation Section.
Floyd L. Malone, Leo Suiter, O. C. Ahlquist, Jacksonville.

Field Artillery.
Frank Morrison, Virden.

Lieut. Dickson yesterday received two enlistments for Company B, Fifth Ill. National Guard. Lieut. Dickson still needs more men to take the places of the married men of the company who will soon receive their discharges. He hopes to secure them within the next few days as he expects to receive orders to join the company at any time.

The men secured Monday were: James Cooper of Virginia, and Ralph Morris of Exeter.

Weir Wood and Layton McGhee will go to Springfield today to take examination for entrance into the officers' training camp.

MINISTERS WILL DISCUSS WORK OF THE Y. M. C. A.

The ministers of Jacksonville will devote a portion of the time next Monday morning to the discussion of the Y. M. C. A. work in the military camps. Each minister promised to give a short talk on this subject Monday forenoon at the May meeting of the Jacksonville Ministerial association, in session at the Y. M. C. A.

The topic for general discussion was "The Greatest Thing in My Ministry," and this was taken up from the side of revelation and from the view of experience. Those who took part in the discussion were the Rev. A. B. Morey, the Rev. F. F. Langton, the Rev. F. M. Rule, the Rev. M. L. Pontius and the Rev. A. A. Todd.

MONUMENT SITE AGREEMENT REACHED

Petition of Association for Use of Central Park is Granted—Council Must Approve Design—Officers' Monthly Reports are Received

At the meeting of the city council Monday morning action relative to the placing of the soldiers' monument was taken satisfactory to the monument association. The council gave authority to the association to place a monument in Central park with the provision that plans shall be satisfactory both to the council and the association. This provision was readily agreed to. When the question came to a vote Mayor Rodgers voted no because he believes that Duncan park is a better place and Commissioner Martin voted no because he does not think that the center of the park should be used for the purpose intended. Officers' reports were presented for the month previous and some minor matters of business were given attention. When the council was called to order at 10:15 there was a goodly representation of the monument association including the county commission, Messrs. Wilson, Rogge, and Magill; John Brown, James F. Self, George E. Paul, Lyncurs Coben, B. P. Jones, John E. Wright, W. H. Jordan, Judge M. T. Layman, James M. Swales, John W. Melton, C. Riggs Taylor, Beni Wood, C. E. McDougall, F. L. Sharpe and S. W. Nichols.

Major McDougall Speaks

After some few matters of business had been attended to Mayor Rodgers gave opportunity to visitors to present the question. Major McDougall as principal spokesman referred to the action of the association taken at a meeting held Saturday when a resolution was passed suggesting that the members of the association go before the council in a body and ask for a decision within ten days. In this connection Major McDougall presented correspondence with Governor Lowden and the state art association which has previously been made public. Major McDougall referred to the favorable action taken by the Morgan county board of commissioners, the board having expressed the view that the monument should be erected in the park. He quoted also the result of a canvass among the business men and said that he and his associates fully believed that 90 per cent of the people think that the only logical location is in Central park. The speaker also referred to the fact of the desire of the soldiers for early action so that the monument may be completed by the year of the Illinois centennial.

Judge M. T. Layman spoke in behalf of the monument association and said it was the earnest desire to have the monument in the center of the park location. He then outlined the points of the statute under which the election had been held this law setting forth that the county commissioners have full charge of the funds and select the site. In the present instance the matter had been referred to the city council because the city is the owner of the site which the commissioners and the association feel is the most de-

sirable. Then Commissioners Wilson, Rogge and Magill were called upon and declared that a majority of the people in the districts where they live had no other thought than that the monument would be in the park.

Patriotism Much Needed

Capt. John E. Wright spoke briefly and said he was greatly in favor of the monument in the park because of the lessons of patriotism which it would teach at this time when patriotism is so much needed. He referred to the days of the Civil War and said the monument would be a memorial to the untarnished graves of many veterans. C. R. Taylor made brief remarks. F. L. Sharpe and Judge M. T. Layman both said that the motion in the form it had been outlined was entirely satisfactory to the association.

Mayor Rodgers said that he felt as much veneration for old soldiers as any man and that his stand in opposition to the park location was because he doubted the advisability of such a site, and furthermore because he believed Duncan park is so situated and has such surroundings that it is an ideal site. Mr. Widmayer said that at a previous conference he had expressed the view that he would be willing to submit it to a vote of the people and that if it was submitted he was inclined to the opinion that the Central park site would be chosen. Commissioner Cox made a motion that there be no longer delay in settling the question and that the council decide at that session as to just what action would be taken. This motion did not receive a second but Mr. Vasconcellos made a motion that the request of the association for the use of the park be granted, provided that a design of the monument be submitted to the council and approved by them jointly with the association. At the suggestion of Mr. Widmayer this motion was changed to provide that the city shall be put to no expense for the moving of the pagoda or any readjustment of walks necessary, and that if the pagoda is removed to Nichols park or some other site that no expense shall be occasioned the city. In this form the motion was put and carried by a vote of Commissioners Cox, Vasconcellos and Widmayer. Mayor Rodgers and Commissioner Martin voting no, explaining their votes as previously mentioned.

Various Changes in Park

In making his motion Mr. Vasconcellos referred to various changes which have come in the park. Years ago there was a fence around it and people objected, and so it was removed. Then there was a fountain in the center of the park and because of changing views it was moved.

To Advertise for Coal Bids

Mr. Vasconcellos was given authority by the council to advertise for bids for coal, the contract to take effect in August at the time the present contract expires. The commissioner explained that he thought it would probably be advisable to get bids now instead of waiting until some later date as there is every indication that the situation will grow more acute with coming months. Mr. Vasconcellos also mentioned the underground cable which is to be put in Central park in connection with the new boulevard lights and expressed the idea that a cable other than that covered with lead should be used, as there is danger from electrolysis with a lead covered cable and in digging about the park at some future time there would be very likely trouble resulting from contact of spades or other metal instruments with a lead covered cable.

Officers' Reports

Reports of officers were presented and approved. Dr. A. M. King, health warden, reported the total deaths during the month as thirty-eight. These were as follows: under 1, three; 5 to 20, two; 20 to 50, ten; 50 to 60, nine; 60 to 70, eight. The report of contagious diseases showed measles sixty-five, mumps, four, chicken pox one, diphtheria one, erysipelas, two, scarlet fever two, small pox one, typhoid fever three, tuberculosis one, whooping cough one.

The report of George P. Davis, chief of police, showed sixteen arrests and the amount of fines collected \$80.30. These arrests included two for violating the speed ordinance, six for disorderly conduct, seven for drunkenness and one for larceny.

Charles B. Gaff, city treasurer, reported a balance in the general fund of \$1,537.71.

Nine graves were made in Diamond Grove cemetery during the month of April, according to report of Harry Summers, sexton, and twelve were reported by John Pires in Jacksonville cemetery.

The report of the water department showed total collections of \$2,524.83 consisting of rents \$2,453.08, meters \$22, taps \$36, meter repairs, \$8.75 sewer flushing \$5.

Miss Emma Weller, city matron, reported the cases of five children who needed correction and two children listed as incorrigible. One child had complained of ill-treatment at home and one child was secured a temporary home.

R. L. Ryan, city clerk, showed collections of \$118.25 thru Diamond Grove cemetery and \$63.55 thru city office. Squire Dyer's collections were: fines, \$31.40, city costs \$20.30, j. p. costs \$28.60.

GOOD ROADS

More and more comes the evidence of the good results following improved working of the roads. One of the rural mail carriers who has been in the service seventeen years said yesterday he had not known such a long stretch of good roads as he has enjoyed the past fifteen months. Only twice in the winter was he obliged to take his two wheeled cart. Different ones coming in yesterday gave similar testimony. Oiling is especially in evidence which with the more intelligent manner of road working is having its good results.

LORD ROSEBURY 70 YEARS OLD

London, May 7.—The Earl of Rosebery, former British premier, celebrated his 70th birthday anniversary today, having been born May 7, 1847. Altho two decades have elapsed since Lord Rosebery voluntarily withdrew from active participation in politics, he is still a more or less potent factor in the public affairs of the empire. From time to time during the past two or three years, when affairs in England have appeared at a critical stage, the former prime minister has emerged from his retirement to give vent to public utterances that have carried great weight with the people. In recent conversations with close friends he is said to have expressed immeasurable satisfaction over the course taken by the United States in entering the war on the side of the Allies.

TEXAS RETAIL MERCHANTS

Fort Worth, Texas, May 7.—High prices and other problems affecting the retail trade are to be thrashed out by the Retail Merchants' Association of Texas at its seventeenth annual convention which opened here today. Members from all over the State have arrived to take part in the sessions, which will continue until Friday.

AMERICAN WATERWORKS ASSOCIATION

Richmond, Va., May 7.—Delegates from many parts of the United States and Canada arrived in Richmond today to attend the thirty-seventh annual convention of the American Waterworks Association. The convention sessions will continue thru the greater part of the week.

PROBATE COURT

In the estate of Marion Seymour, inventory was approved. In the guardianship of Hulda and Alexander Hart, petition to sell real estate to pay debts was allowed. In the estate of Elizabeth Gray, the will was admitted to probate. In the estate of Madison Neece, final report was approved.

CONCERT TONIGHT FREE

This evening at eight at the Peacock inn there will be a grand concert free of charge and to which all persons are cordially invited. The affair will be a reproduction of great voices and wonderful music with the Edison phonograph. Mr. Nachman, an expert will be manager.

Miss Nellie Corrigan of New Berlin was a city shopper yesterday.

Enduring! Certain-teed is a name which has come thru the storm of business competition stronger than ever. It stands for quality, dependability, satisfaction and fair dealing. On the reputation of this name there has been built the world's largest manufacturer of roofing and building papers.

Certain-teed Roofing

is the most efficient type of roof for factories, office buildings, farm buildings, garages, etc.

It costs less to buy, less to lay and less per year of life than other types of roofing. It does not rust, is proof against gases, coal smoke, acids, fumes, etc. It is a non-conductor of heat and cold, is fire retardant and weather-proof.

The cost of laying prepared roofings is the same whether you use good materials or poor. Therefore, it pays to get CERTAIN-TEED, which is the best. It is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply), and it will remain efficient long after the time when a poor quality roof would have had to be relaid.

For residences, CERTAIN-TEED Slate Surface Asphalt shingles have all the advantages of CERTAIN-TEED Roofing, plus artistic beauty. They need no paint, are pliable, eliminate waste and misfits, cannot curl, buckle, rot or crack. Guaranteed for ten years.

Investigate CERTAIN-TEED before deciding on any type of roof. For sale by dealers everywhere.

Resolves Itself into a Pitching
Duel Between Seaton and Cooper
—Boston Blanks Brooklyn.

Chicago, May 7.—Chicago defeated
Pittsburgh 4 to 1 today. The locals
bunched hits behind Grimes' wildness
and took a lead in the second
inning which the visitors could
not overcome.

Cooper replaced Grimes and the
game resolved itself into a pitching
duel between Seaton and Cooper, the
former allowing three scattered hits
for nine innings, while Cooper was
touched for two in the six innings.

**GIRLS! MAKE LEMON
LOTION TO WHITEN
AND BEAUTIFY SKIN**

In all weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothening and beautifying.

Just try it! Get three ounces of orchard white at any pharmacy and make up a quart pint of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.—Adv.

KINDERGARTEN TEACHERS MEET.

Boston, Mass., May 7.—Teachers of children from all parts of the United States and Canada, and from several other countries as well, are arriving here for the twenty-fourth annual convention of the International Kindergarten Union which has its formal opening tonight at the Arlington Street Church. The Union now has 20,000 members and is the third largest educational organization in existence. During the week the relation of the kindergarten to the higher schools and to the problems of Americanization will be discussed by child teachers of national reputation. Tomorrow the delegates will make a visit of inspection to the Anna L. Page Kindergarten at Wellesley College. Other excursions are planned to Lexington, Concord and other points of interest.

SOUTHERN SHOOTERS AT ROANOKE.

Roanoke, Va., May 7.—Scores of trap-shooting enthusiasts engaged in practice on the grounds of the Roanoke Gun Club today in preparation for tomorrow's opening of the Twelfth Annual Southern Handicap Tournament. The tournament proper will continue three days. More than \$1,000 in money and prizes have been donated by the Interstate Association and the Roanoke club, as usual the Columbus, Ga., Cup, valued at \$500 will be up for competition this going to the shooters scoring high on the entire program of the three regular days including doubles and handicap.

HEARINGS ON FREIGHT RATES INCREASE.

Washington, D. C., May 7.—With a view to determining whether the recent settlement of the railroad wage controversy, which it is estimated will add millions of dollars to the yearly payrolls of the companies together with other conditions that have arisen during the past few months, warrant the general increase in freight rates for which application has been made by the railroads throughout the country, a series of public hearings was begun here today by the Interstate Commerce Commission. Representatives of the shippers' organizations, it is understood will be on hand to protest against any general increase in rates.

**WOMEN! IT'S MAGIC!
CORN SHRIVEL AND
LIFT OUT—NO PAIN!**

For a few cents you can get a small
bottle of the magic drug freezeone
recently discovered by a Cincinnati
man.

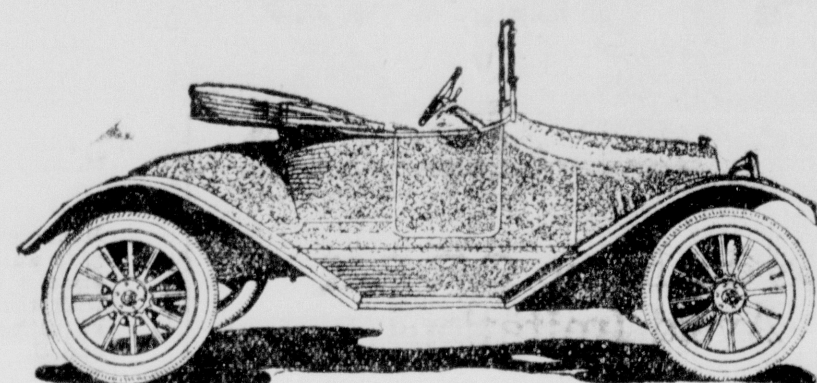

Just ask at any drug
store for a small bottle of
freezeone. Apply a few
drops upon a tender, ach-
ing corn and instantly,
yes immediately, all sore-
ness disappears and
shortly you will find the
corn so loose that you
lift it out, root and all,
with the fingers.

Just think! Not one bit
of pain before applying
freezeone or afterwards.
It doesn't even irritate the surround-
ing skin.
Hard corns, soft corns or corns be-
tween the toes, also hardened cal-
luses on bottom of feet just seem to
shrivel up and fall off without hurt-
ing a particle. It is almost magical.
It is a compound made from ether
says a well known druggist here and
the genuine has a yellow label.

For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking you, Foley Kidney Pills," Mrs. Frank E. Wood, Merrill, Maine, R. P. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and making you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, this is the time to start in at once on Foley Kidney Pills.

They strengthen the weak, failing kidneys, improve their action, enable them to throw out the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says, "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

OBITUARY

Alice G., daughter of John and Margaret Coker was born April 17, 1856 near Sinclair, Ill. and lived on a farm most of her life.

When she was 15 years of age she united with the Christian church under the ministry of Elder, A. well known minister in the Christian church, who in "Jordanville school house," as in those early days services were often conducted in school houses by many denominations as churches were not so numerous as they are today, through her girlhood "Alice" as she was familiarly called, was ever true and conscientious, beloved alike by schoolmates and friends, a good daughter and a loving sister.

Words cannot express too high a eulogy on one so unassuming and faithful in all relations of life, she grew to womanhood on her father's farm, sheltered by home ties. When Oak Ridge church was built she and her mother became members and thru long years following were faithful to all church obligations.

She was united in marriage to Stephen Bingman Aug. 29, 1884. To this union no children were born but "Clare," the little daughter of J. A. Stockton (a cousin of Mrs. Bingman now residing in Virginia, Ill.) was left motherless when only a few months old.

When she was 3 years of age Mr. and Mrs. Bingman took the little one to their hearts and home, giving her all the loving care that could be shown to any child. She married John Baker and to them one son, Russell, was born who seemed to have an unusual degree of affection in "Grandma's" heart and life. He has been with her most of the time all his life, and the last time the writer saw her, she said he had been such a help and comfort during her recent illness.

When they lived in the Hebron community they attended that church and Mrs. Bingman was ever ready to help in all church work. Upon their removal to Yatesville Mrs. Bingman became a member of the Christian church at Yatesville, and as usual won a very warm place in the hearts of the people in that vicinity. She was the second charter member of the Ladies Aid society of Yatesville to pass from earth. Mrs. Margaret Samples being the first.

A good woman has been called to her reward and leaves to mourn her loss besides her husband, her foster daughter, Mrs. Clara Baker, and son Russell, one half brother, Jacob Stockton of Sinclair, Ill., two brothers, Dennis and Samuel Coker, of Yatesville, Ill., and a number of nephews and nieces, with a host of other relatives and friends who will long feel their great loss.

EPWORTH LEAGUE SERVICE AT HEBRON

A very profitable session of the Epworth League of Hebron church was held Sunday evening, a goodly number of the members being in attendance. The annual election of officers took place at this time and resulted in the following being chosen:

President—Miss Faye Hart.
First Vice President—Miss Irma Fox.
Second Vice President—Albert Wilson.
Third Vice President—Miss Mabel Robinson.
Fourth Vice President—Mrs. Frank Hunter.
Secretary—Lyle Hart.
Treasurer—Robert Hopper.
Pianist—Miss Maude Robinson.
Assistant Pianist—Mrs. Charles Beilmer.
Chorister—Mrs. Albert Swain.

A cordial invitation is extended to everyone to attend the league meetings.

BUILDS UP HOPES

Benefits Already Gained Convinces Mrs. Martin of Tanlac's Merits

LOOKS FOR FURTHER AID

"Yes Sir, I intend to Continue Using This Medicine," Winchester Woman Asserts.

Benefits already gained have convinced Mrs. T. F. Martin, wife of a prominent farmer residing at Winchester, Ill., near here, that Tanlac, lies the one source of relief from her troubles and she intends to continue the use of the new medicine, according to her statement made on May 1.

"My system generally was all out of shape," Mrs. Martin told the Tanlac Man. "I was very nervous and couldn't sleep at night. Then, of course, I'd feel tired and worn out all through the day. I actually lacked the ambition or energy to do my housework. A spring tonic was what I needed and I knew it."

It was the realization of this fact that led me to my housework without the least trouble now convinced me that Tanlac is a fine medicine and just what I needed. I'm not so nervous, these days, and sleep soundly at night, too. I'm gaining in strength, also. Because of this great relief I gladly recommend Tanlac to everyone."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained in Jacksonville at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates' drug store, and in Champaign at F. P. McKinney's.

CONGRESS OF MOTHERS IN FOUR DAY SESSION

Timely Subjects to be Discussed by Women in Bloomington—Reports of Well Known Speakers at Conference Committees Today.

Bloomington, Ill., May 7.—A banquet in the Girls' Gymnasium of the new high school building this evening at which Mrs. B. F. Langworthy, president of the Illinois Congress of Mothers and Parent-Teachers' association, was toastmistress, served to make acquainted every body attending the annual meeting of the congress, which began here today, and gave a close, full of good fellowship, to what had been a busy day, marked by addresses of welcome, announcements and conferences of delegates and their state president. At the banquet toasts were responded to by Mrs. William S. Jefferson, Mrs. Harriet Treadwell, Mrs. C. M. Stanford, and the Rev. E. D. Jones.

Tomorrow evening Mrs. J. H. Richards, superintendent of playgrounds and sports of South Side Park, Chicago, will talk about community ideals. The day will be devoted to round table discussions, the president's address and committee reports.

Wednesday evening will have for one of the features a concert by the High School Girls' Glee Club. There will be a discussion of the responsibility of parents and teachers in the education of children, Miss Eula Deaton, dean of girls at the Austin high school, Chicago, will talk of "Social Life in the High School" and the "Adjustment of High School to the Needs of Youth" will be outlined by Mrs. W. S. Jefferson, chairman of the Chicago organization committee of the Parent-Teachers' association. Reports of the resolutions committee will end the session.

LOST VALUABLE MARE

John Baumaister, residing in the east part of the county, was in the city yesterday in his Maxwell car and reported the loss of a valuable, four years old brown mare for which he had refused \$250, and which he valued at \$300. She was a combination saddle and harness animal. His family were driving her in a team and when about a mile from home the mare fell over dead. Mr. Baumaister says he attributes the trouble to good feeding and standing in the stall without exercise.

Attorney E. Etter of Waverly was attending to business in the city yesterday.

NOTICE TO CONTRACTORS

Sealed bids will be received for the construction of the improvement of East State Street, from the East line of Alley D to a point 15 inches West of the C. B. & Q. Railroad Tracks, by the Board of Local Improvements of the City of Jacksonville, Illinois, until Monday, the 18th day of May, A. D., 1917, at the hour of 3 o'clock P. M. at its office in the City Hall in said City, at which time and place Bids will be publicly opened.

It is estimated that for said improvement, outside of the Right of Way of the Jacksonville Railway Company, as described in the ordinance hereinafter referred to, there will be 6385.5 square yards of 3 inch Tarvia Resurfacing, 1600 linear feet of Sandstone Curbing and 4 Cast Iron Storm-Water Inlets.

For the improvement of the Right of Way of the Jacksonville Railway Company, as described in the ordinance hereinafter referred to, it is estimated there will be 1953.7 square yards of Vitrified Brick pavement on a 6 inch concrete base, with a Crushed Stone foundation 5 inches in thickness, and 996.4 cubic yards of excavating and grading.

Bids will be received for and the contracts will be awarded separately, for the construction of that part of the Right of Way of the Jacksonville Railway Company, as described in the ordinance hereinafter referred to; and Separate Bids will be received for and separately awarded for the remainder of the proposed improvement.

The Contractor for that part of said improvement constituting the Right of Way of the Jacksonville Railway Company, as described in the Ordinance herein referred to, will be paid in Bonds and Vouchers issued to anticipate the collection of that part of the Assessment levied on the Right of Way of the said Railway Company; and the Contractor for the remaining part of said improvement will be paid in Bonds and Vouchers issued to anticipate the remaining portion of said assessment. Said bonds to bear interest at the rate of five (5) per centum per annum.

Said improvement shall be made in accordance with the Ordinance providing for the same, and the Maps, Plans, Profiles, and Specifications for the same, now on file in the office of the City Clerk of said City.

Proposals must be made on blanks furnished by said Board and in compliance with the instructions thereto attached, which can be had on application to the Engineer, and must be accompanied by cash or check payable to the order of the President of said Board of Local Improvements, in his official capacity, for an amount not less than ten (10) per cent of the aggregate of the proposal.

Bidders will examine the Ordinance, Maps, Plans, Profiles, Specifications and Specifications for the same, and also the locality in which said work is to be done, and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any or all bids, as authorized by law.

Henry J. Rodgers, President.
W. F. Widmayer, Secretary.
J. Edgar Martin.
Joshua Vasconcellos.
Jerry Cox.

Dated, Jacksonville, Illinois, the 5th day of May, A. D. 1917.

THE FIRST PRESIDENT OF THE UNITED STATES owned and used The Encyclopaedia Britannica, 3rd Edition, in its original bulky, unwieldy form, printed on old-fashioned THICK PAPER which necessitated a large, awkward book that had to be supported upon a table.

THE 28th PRESIDENT OF THE UNITED STATES has the advantage of using The Encyclopaedia Britannica, 11th Edition, which contains 50% more reading matter, but is printed on thin INDIA PAPER and is as easy to hold and read as a magazine.

IN 1797 the stage coach traveling between Philadelphia and New York took *two days* to cover the ninety miles. In 1917 the Pennsylvania Railroad Express, over practically the same route, makes the run in **two hours**.

In 1797 it meant a *four-hour* drive by horse and carriage from Perth to the Golf Club at St. Andrew's. In 1917 you can easily motor over the same twenty-five miles under the *hour*.

In 1797 a sailing vessel often took *three months* to make the voyage from New York to Liverpool. In 1917 the Mauretania can make the same trip in just over *five days*.

There is just as much difference between The Encyclopaedia Britannica, printed on old-fashioned *thick paper*, and the new Britannica, "Handy Volume" Issue, printed on genuine India paper, as there is between the stage coach of 1797 and the Philadelphia Express of 1917; between the horse and carriage, traveling eight miles an hour, and the modern motor, traveling 50 miles an hour; between the sailing vessel and the ocean steamship.

If you want the old-fashioned stage coach-horse and carriage-sailing vessel kind of an Encyclopaedia Britannica you need not be in any hurry to buy now. You can get the heavy, bulky, thick paper Britannica at any time.

But if you want the modern "Handy Volume" Encyclopaedia Britannica, printed on genuine India paper, you must order at once.

The sets of the "Handy Volume" Britannica, printed on genuine India paper, now in stock are *all that we can get*. These are going at the rate of more than 2000 sets a week. The end of this sale is almost here. When the last set is sold no one will be able to buy the Britannica in this, its handiest form, at any price. No more can be printed. We cannot get another set from the publishers, because they positively cannot get any more of the genuine India paper. No more India paper can be made because two necessary raw materials—flax from Belgium, Germany or Ireland and hemp from Russia—because of the war, are now absolutely unobtainable, and no more can be secured for many years.

Note:—This also means that no more of the Cambridge University issue of the Britannica and Century Dictionary can be had on genuine India paper.

We could probably sell many thousands more sets of the "Handy Volume" Issue of The Encyclopaedia Britannica if we could get them. As this sale nears the end we are receiving, daily, thousands of inquiries asking for information about the "Handy Volume" Britannica on this wonderful India paper.

When we announce the last day on which orders can possibly be filled we know that many orders will be sent in that we cannot supply sets for.

Sets can be seen and orders left at:

THREE GENERATIONS OF WOMEN

The young women of this generation, their mothers and grandmothers have proved from actual experience that Lydia E. Pinkham's Vegetable Compound overcomes the suffering caused by female ills and restores them to a healthy condition. This famous medicine contains no narcotics or habit-forming drugs—but is made from medicinal roots and herbs, nature's remedy for diseases. If you are suffering from any form of female ills, it will pay you to give it a trial.—Adv.
